COURSE PREREQUISITES

None

COURSE OBJECTIVES

Upon successful completion of this course, students will be able to:

1. Use Excel software.
2. Solve business problems using Excel.
3. Create Excel-driven reports.

COURSE DELIVERY MODE

Although this is an In-Person course w/Live Remote Option, in-person attendance is not required. You can either be in-person or remote via Zoom. However, lectures will not be recorded. In-person class meetings will take place each Tuesday at 6:30 pm. To give you a fully online option, all course materials and content are accessible through FAU's learning management system, Canvas. You must log into Canvas with your FAU ID and Password to access the materials and assignments in this course. If you do not know your FAU ID or Password, contact OIT for help.

The course is organized into modules with due dates. Unless otherwise specified, the learning modules all start and end on a Tuesday (so they overlap one another by a day). The course begins with the Start Here module, which will familiarize you with the organization and navigation of the course. You will open a new learning module to access the assigned reading materials, videos, presentations, and other relevant materials for each subsequent module.

TIME COMMITMENT PER CREDIT HOUR

This course has three (3) credit hours. For traditionally delivered courses, not less than one (1) hour of classroom or direct faculty instruction each week for fifteen (15) weeks per Fall or Spring semester, and a minimum of two (2) hours of out-of-class student work for each credit hour. Equivalent time and effort are required for Summer Semesters, which usually have a shortened timeframe. Fully Online courses, hybrid, shortened, intensive format courses, and other non-traditional modes of delivery will demonstrate equivalent time and effort.

REQUIRED TEXTS & MATERIALS

In this course, a MindTap course is required for participating and completion of this course, which includes the following eBook:

- Parsons, J. J., Oja, D., Carey, P., & DesJardins, C. A. - *New Perspectives Microsoft Office 365 & Excel 2021 (Comprehensive).* Boston, MA, USA: Cengage Learning.

Do not purchase the book only; you need the complete MindTap courses.

When you access the MindTap assignments via the links in Canvas for the first time, you will be prompted to purchase the courses.

The most economic option to acquire both required eBook and MindTap platform is Cengage Unlimited (ISBN 9780357671993), a subscription that gives you access to all your Cengage access codes and online textbooks. You can continue to use your Cengage Unlimited privilege if you currently have the Cengage Unlimited access code from any other courses. You may purchase the MindTap code for the Instant access directly from Cengage.

MINIMUM TECHNOLOGY & COMPUTER REQUIREMENTS

HARDWARE & SOFTWARE REQUIREMENTS

Hardware

- Dependable computer
- Computer speakers
- Headset with microphone
- Webcam

MINDTAP HARDWARE CONSIDERATIONS

Although most content on Canvas and MindTap can be accessed using smartphones or tablets, you need to use a computer (with functioning web cam and microphone) to complete all the assignments. A Windows-based PC is preferred; Macs are fine for the most part, but the commands of Excel on a Mac can be slightly different.

Chromebooks do not support Microsoft Office and therefore are not compatible with this course. If you do not have your own, computers are available to all FAU students in the FAU Open Labs.

Due to the MindTap setup, use only one computer to complete any lesson or project once you start it. Grades may not be recorded correctly if you use multiple computers to complete one single assignment.

In deciding to take an online course such as this one, students take responsibility ensure that their equipment, software, and networks are fully functional. No adjustments will be made due to issues caused by systems owned and/or used by the students to complete assignments or tests.

Software

- Microsoft 365 Suite
- Reliable web browser (recommended Chrome or Firefox)
- Canvas mobile app: Download instructions for iOS device or Android device
- Adobe Reader

Internet Connection

- Recommended: Broadband Internet connection with a speed of 4 Mbps or higher.
- To function properly, Canvas requires a high-speed Internet connection (cable modem, DSL, satellite broadband, T1, etc.). The minimum Internet connection speed to access Canvas is a consistent 1.5 Mbps (megabits per second) or higher.
- Check your Internet speed here.

COMPUTER REQUIREMENTS

Basic Computer Specifications for Canvas

- Operating system: Windows 10 or macOS Sierra (or higher).
- Specifications

Peripherals

- A backup option should be available to minimize the loss of work. This can be an external hard drive, a USB drive, cloud storage, or your folder on the FAU servers.

Software

- Once logged in to Canvas make sure your Internet browser is compatible.
- Other software may be required for specific learning modules. If so, the necessary links to download and install will be provided within the applicable module.

MINIMUM TECHNICAL SKILLS REQUIREMENTS

The general and course-specific technical skills you must have to succeed in the course include but are not limited to:

- Accessing internet.

TECHNICAL SUPPORT

In the online environment, technical issues are always possible (e.g., lost connection, hardware or software failure). Many of these can be resolved relatively quickly, but if you wait until the last minute before due dates, the chances of these glitches affecting your success are greatly increased. Please plan appropriately. If a problem occurs, it is essential you take immediate action to document the issue so your instructor can verify and take appropriate action to resolve the problem. Most issues in Canvas can be resolved by clicking on the “Help” tab located on the menu bar.

When a problem occurs, click “Help” to:

- Report a Problem
- Live Chat with Canvas Support

- Search Canvas Guides

Additional Technical Support

1. Contact the eLearning Success Advisor for assistance: (561) 297-3590

3. Complete a Help Desk ticket. Make sure you complete the form entirely and give a full description of your problem so the Help Desk staff will have the pertinent information in order to assist you properly. This includes:
    a. Select "Canvas (Student)" for the Ticket Type.
    b. Input the Course ID.
    c. In the Summary/Additional Details section, include your operating system, Internet browser, and Internet service provider (ISP).

For maximum points, please reference external research or examples as well as the Discussion rubrics.

In order to facilitate a dynamic discussion, original posts are due by the end of the module in which the discussion is assigned. Replies are due at the end of the following module. COURSE POLICIES

CODE OF ACADEMIC INTEGRITY POLICY STATEMENT

Students at Florida Atlantic University are expected to maintain the highest ethical standards. Academic dishonesty is considered a serious breach of these ethical standards, because it interferes with the university mission to provide a high quality education in which no student enjoys an unfair advantage over any other. Academic dishonesty is also destructive of the university community, which is grounded in a system of mutual trust and places high value on personal integrity and individual responsibility. Harsh penalties are associated with academic dishonesty. For more information, see University Regulation 4.001.

PLAGIARISM

Plagiarism is unacceptable in the University community. Academic work must be an original work of your own thought, research, or self-expression. When students borrow ideas, wording, or organization from another source, they must acknowledge that fact in an appropriate manner. Plagiarism is the deliberate use and appropriation of another's work without identifying the source and trying to pass off such work as one's own. Any student who fails to give full credit for ideas or materials taken from another has plagiarized. This includes all discussion board posts, journal entries, wikis, and other written and oral presentation assignments. If in doubt, cite your source.

ONLINE ATTENDANCE POLICY

Since the course is online, you should access the course **at least three (3) times per week** to ensure you do not miss pertinent postings, messages, or announcements. It is imperative that you meet course deadlines and stay active in discussion boards, group projects, etc. If you are experiencing major illness, absences due to University duties, or other large-scale issues, contact the instructor immediately to formulate a resolution.

NETIQUETTE

Please remember that you are adult students and professionals—your communication should be appropriate. For more in-depth information, please see the FAU Statement on Netiquette.

CLASSROOM ETIQUETTE/DISRUPTIVE BEHAVIOR POLICY STATEMENT

Disruptive behavior is defined in the FAU Student Code of Conduct as "... activities which interfere with the educational mission within classroom." Students who disrupt the educational experiences of other students and/or the instructor's course objectives in a face-to-face or online course are subject to disciplinary action. Such behavior impedes students' ability to learn or an instructor's ability to teach. Disruptive behavior may include but is not limited to non-approved use of electronic devices (including cellular telephones); cursing or shouting at others

in such a way as to be disruptive; or, other violations of an instructor's expectations for classroom conduct. For more information, please see the FAU Office of Student Conduct.
